WE HAVE ONE GOAL ON THE 6TH: THE CAPITOL BUILDING. SURROUND, THEN SEIZE AND HOLD IF NECESSARY. CONCENTRATION AND UNITY OF FORCE IS ESSENTIAL! (media.patriots.win)

14 ▼ That excellent post by the Belgian about how the Yellow Vests lost can be summed up with this: surround, then if needed capture and control the Capitol Building. All other objectives are a distraction.

Trump obviously can't call for this, but it's the seat of government and where the final election vote counting will take place. Showing up in D.C. without a goal would be a disaster. We need to arrive early, and be prepared to reach our objective no matter what shit they throw at us. Don't forget the tunnels! If we hold the Capitol Building, I'm sure the Supreme Court and others will get the point very clearly.

No public posts about violence, as there shouldn't be the need for any if the government respects the will of the people.

3 ▼ What are the legal constraints?

Can you just flood the grounds?

2 ▼ We're there in support of the (legitimate and current) government. We can flood the grounds even if the local corrupt "officials" claim we can't.

2 ▼ Legal constraints aren't exactly a concern at this point. With the amount of people planning to be armed, we passed that point a while ago.

2 Exercise. If you end up without a weapon, you still need to be able to defend yourself. Fists are free.

2 We make all these memes and jokes about fighting, but I think for most people it is just memes and jokes.

▼ There is going to come a time really soon where it's time to put up or shut up.

2 There's no option beyond the 6th. If we don't stand up now, there's only bloodshed in the future.

2 There are tunnels all throughout the complex specifically to address this exact scenario. Without plan,....g, we'll miss some.
